TO FRESHEN UP
YOUR BUSINESS...

UPM RAFLATAC

Raflex Plus facts:

- Universal product substituting both PE and PP
- Excellent conformability to different container shapes
- Squeezability comparable to PE
- Good die-cutting properties
- Transparency as good as PP
- 56 µm thin
- Excellent visual appearance
- Also available in white

Ideal for the no-label look.
Conformable and squeezable for the
most challenging applications.

...CHOOSE A CLEARLY BETTER FILM

Ever had to choose between the clarity of a PP film and the squeezability of a PE film? Nobody likes to sacrifice glamour for practicality or vice versa. But now thanks to our latest revolutionary filmic product, those days are over.

At 56 µm thin Raflex Plus is transparent for the no-label look yet conformable and squeezable for even the most demanding personal care applications. Add great die-cutting properties and efficient dispensing qualities and you've got a winning combination.

With Raflex Plus in your portfolio of films you won't just save time and money, but produce less waste too. We think it's a clearly better film that will make a world of difference to your business. Get in contact today and see for yourself. **Passion for films.**
