

# UPM RAFLATAC TAG PRODUCTS

## **UPM RAFLATAC TAG PRODUCTS**

In UPM Raflatac's range of Fast Web products, you can now find a good selection of materials for tag applications, available in small quantities and with fast delivery.

### **Typical applications for tag materials**

Textile tags	Tickets
Agricultural tags	Baggage tags
Horticultural tags	Name tags
Meat tags	Industrial tags
Promotional tags	Fruit tags

### **Low minimum order quantities**

Tag products are available with low minimum quantities of 1000 m<sup>2</sup>. This means that you'll be able to do shorter runs and enhance your current product portfolio more cost efficiently.

### **Technical product information**

All technical information on the Tag Products is available online at [www.upmraflatac.com](http://www.upmraflatac.com)

If you have special requirements or need technical application support please get in touch with a UPM Raflatac representative.
