

## ProLiner PP30

### Thinner polypropylene liner for paper faces

At UPM Raflatac we've been innovating new products for changing markets – launching our Thin Range to deliver more added value to the labelling chain.

Six paper faces – including our market leading Raflacoat Plus – are now available with ProLiner PP30, cost-effectively bringing all the advantages of a thin film liner to high-volume paper applications – plus improved adhesive printing thanks to a more uniform adhesive layer. ProLiner PP30 is available in the following combinations:

- Raflacoat Plus / RH 9 / ProLiner PP30
- Thermal Top P 200 / RH 9 / ProLiner PP30
- Thermal Eco 300 / RH 9 / ProLiner PP30
- Vellum / RH 9 / ProLiner PP30
- Transfer Matt / RH 9 / ProLiner PP30
- Raflagloss / RH 9 / ProLiner PP30

For further information about service and availability, please contact our sales office.
