

PET Tinted TC 36

Make a splash with a new twist on the no-label look

PET Tinted TC 36 introduces an eye-catching new twist to the enduringly fashionable no-label look. This unique label face combines transparency, a darkening tint and a light metallized silvering for creative exploration in premium beverage and cosmetics labelling.

Opting for a PET liner maximizes performance during conversion and high-speed dispensing, and also yields excellent transparency from an optimal adhesive wet-out. Picture-perfect graphic design is assured by a high-quality print on PET Tinted's TC 36 topcoat.

- New tinted and silvered no-label look
- Ideal for beverages and cosmetics
- Fresh innovation by UPM Raflatac

UPM RAFLATAC TECHNICAL INFORMATION

3/2010 ENG 290

SELF-ADHESIVE ROLLS
