

Castgloss WSA 80

Wine and dine with a smooth operator

The new Castgloss WSA 80 is a high-gloss, premium quality label paper for all wines, champagnes and spirits, as well as finer foods.

Now a more consistently smooth surface delivers a cloud-free gloss across the printed image, assuring a strikingly bold result even with full-cover printing.

Stunning looks are also achieved with winning levels of whiteness and improved opacity, maximizing contrast and providing an excellent foundation for print jobs of any colour.

- Uniform surface for a cloud-free print result
- High whiteness and contrast
- WSA treated for wash-off applications

UPM RAFLATAC TECHNICAL INFORMATION

3/2010 ENG 038

SELF-ADHESIVE ROLLS
FACE CASTGLOSS WSA 80
Wet-Strength W9 (sales code)

Product Cast-coated, wood-free paper, WSA treated for wet strength and alkali resistance.

Use High-quality label paper designed for bottle, jar and can labelling. Suitable for beverage labelling where wash-off properties are required.

Typical technical values

Substance	80	g/m ²	ISO 536
Caliper	92	µm	ISO 534
Tensile strength MD	5.1	kN/m	ISO 1924/1
Tensile strength CD	2.8	kN/m	ISO 1924/1
Brightness	85	%	ISO 2470/1
Gloss	85	%	Hunter 75°
Opacity	90	%	ISO 2471

Printability Letterpress, flexography, rotogravure, screen, offset and hot foil. Printing coverage, especially UV-varnish, affects wash-off times; trials are recommended with printed labels. Printable by thermal transfer with selected ribbons.

Warranty Our recommendations are based on our most current knowledge and experience. As our products are used in conditions beyond our control, we cannot assume any liability for damage caused through their use.
