

WE LEAD.  
WE LEARN.

TO FRESHEN UP  
YOUR BUSINESS...

**UPM** RAFLATAC

#### Raflex Plus facts:

- Universal product substituting for both PE and PP
- Excellent conformability to different container shapes
- Squeezability comparable to PE
- Good die-cutting properties
- Transparency as good as PP
- Thin (2.2 mil. caliper)
- Excellent visual appearance
- Also available in white

Ideal for the no-label look.  
Conformable and squeezable for the  
most challenging applications.

## ...CHOOSE A CLEARLY BETTER FILM

Ever had to choose between the clarity of a PP film and the squeezability of a PE film? Nobody likes to sacrifice glamour for practicality or vice versa. But now, thanks to our latest revolutionary film product, those days are over.

At a 2.2 mil. caliper, Raflex Plus is a thin, transparent film for the no-label look, yet conformable and squeezable for even the most demanding Health & Beauty applications. Add great die-cutting properties and efficient dispensing qualities and you've got a winning combination.

With Raflex Plus in your portfolio of films, you won't just save time and money, you'll produce less waste, too. We think it's a clearly better film that will make a world of difference to your business. Get in touch with us today, and see for yourself. **Passion for films.**
